Dayton-Phoenix Group Announces New Advantage Services™ for GP 38, GP40 and SD 40 Locomotives

May 31, 2018

Dayton, Ohio - Dayton-Phoenix Group is announcing the introduction of their new Repowering, Rebuild, Repair Services for EMD GP 38, GP 40 and SD 40 locomotives. “Our new ADVANTAGE SERVICES™ program helps our customers repair/update their locomotives more quickly and efficiently,” stated Darryl Patak, Director of DPG Service Network. “To aid in this repowering process, we have made available a large inventory of cores for these locomotives that provide a quick turnaround and a cost-effective alternative to original OEM parts.”

As an OEM supplier, Dayton-Phoenix Group can aid you in making the best lifecycle choices in repairing or replacing those parts critical to the efficient and reliable operation of your locomotives. We design all of our components to meet or exceed industry standards. Our *Advantage REMAN Aftermarket Services™* take it one step further in extending the life of your Locomotive AC & DC Motors, Cooling & Braking Fans, Resistors, Cab Heaters and HVAC Systems.

ADVANTAGE SERVICES™ for GP 38, GP 40 & SD 40 Locomotives

We know many of our customers are looking for help our DPG *Advantage REMAN Aftermarket Services™* are designed specifically to provide:

- Exceptional rugged performance that meets demanding railroad service
- Dynamic two-plane balancing that exceeds industry standards on all critical components
- REMAN Services for Motors, Fans, Heaters, and HVAC units
- Engineered to outlast the competition and exceeds OEM maintenance schedule

Our (5) Regional Service Centers are a further testament to our commitment. For more information about our service, contact us at **www.dayton-phoenix.com** or your local DPG Sales Engineer at **(800) 657-0707**.
