

DAYTON PHOENIX GROUP

New DPG Advantage™ Series Product Solutions

April 25, 2017

Dayton, Ohio - Dayton-Phoenix Group has announced the release of their new ADVANTAGE SERIES™ products.

“ADVANTAGE SERIES™ products represent a new generation of purpose-built products designed to meet the changing operating conditions of our rail customers,” stated Chad McLelland, Director of Sales & Marketing. “They are all robustly designed to provide longer life, lower lifecycle cost, improve operational efficiency, and extend time between change-outs.”

Our new solid state Smart Compressor ControllerST (SCC^{ST*}) Drive System will be the first product solution introduction to this new suite of Product Solutions. Its formal announcement and market release will be in the late first quarter of 2017.

About Dayton-Phoenix Group

Headquartered in Dayton, OH., Dayton-Phoenix Group is the recognized global leader in the specialized design and manufacturing of motors, generators, resistors, cooling fans, HVAC and mechanical components for freight locomotives, passenger locomotives, and off-highway vehicles.
